## Supporting People with Disability to Use Medications

### Course Overview

This is a Victorian State accredited course developed to address skills development associated with the introduction of the NDIS.

This course reflects the skills and knowledge required to equip the existing disability support workforce with strategies to ensure that people with a disability take and use medication in accordance with the documented medication chart/treatment sheet developed by their medical practitioner.

### Govt. Subsidised Training

This training is delivered with Victorian and Commonwealth Government funding under the Skills First Program and may impact your access to further government subsidised training.

If you meet the government funding criteria as outline below, your course will be free. **Yes, that's right...free! \$0!**

To find out if you are eligible, please contact us on 9894 3900 to discuss your circumstances or scan the QR code for more information.

### Entry Requirements:

This is an open entry program of study with participants needing to read, write and communicate in English to a level to perform the job.

- ✓ Students will be required to complete a "Language, Literacy & Numeracy (LLN)" evaluation to determine suitability for the course
- ✓ Students must undertake a "Pre-Training Review" prior to course commencement to determine suitability for the course
- ✓ Students are required to be able to access a computer, internet, printer and moderate digital technology skills to conduct online and virtual course requirements
- ✓ Participants must be working in the sector as a disability support worker. This Course will be coordinated by an employer for a group of staff to be trained or a public course for individuals to enrol in

### Delivery Mode Options:

- ✓ Classroom & blended/online learning

### Delivery Locations:

- ✓ Blackburn, Narre Warren & Preston
- ✓ Onsite (for corporate groups)

## Units of Competency

The Course in Supporting People with Disability to Use Medications consists of one (1) unit of competency.

Unit Code	Units of Competency
VU22962	Support people with disability to use medications

Competency is assessed through a combination of practical application and demonstration of skills, research, analysis and completion of competency based workbooks.

## Course Structure

The program is designed to include a combination of practical application and demonstration of skills, research, analysis and completion of competency based workbooks.

**Locations:** Blackburn, Narre Warren & Preston or onsite with an employer

**Class Size:** Maximum of 10 students only

**Duration:** 1 day from 9am – 4.30pm

**Delivery Mode:** Classroom & Blended Learning

**Format/Structure:** The workshop is conducted in 2 phases:

1. Learner Guide and Written Assessment - completed by the student as self-paced learning and returned prior to attending the workshop
2. Workshop attendance – revise theory & simulated practical assessment which includes role plays in a simulated work environment

## Tuition Fees

The student tuition fees as published are subject to change given individual circumstances at enrolment.

**\*This Victorian accredited course is FREE if you are an Australian Citizen, Permanent Resident or New Zealand citizen.**

**Fee For Service (not eligible for government funding): \$750**

Payment plans are available, talk to us to learn more.
