Course Overview

The Certificate IV in Disability Support prepares individuals for a career as a disability support worker, providing them with the knowledge, skills and attitudes necessary to effectively support people with disabilities in various community settings. The course covers person-centered practices, advocacy, support strategies, and occupational health and safety principles, empowering learners to assist individuals with disabilities in achieving independence, choice, and control over their lives.

At All Health Training we're dedicated to inclusivity. We embrace access and equity principles, and we invite individuals with disabilities and from First Nations communities to apply. We believe in the strength of diversity and are here to support every learner in reaching their potential.

Course Entry Requirements

This course is an open entry program of study and to succeed, students should have basic reading, writing, and communication skills necessary for the job. Some additional entry requirements include proof of immunisations and a current police check for placement purposes. For further entry requirements, please visit our website or scan the QR code.

Govt. Subsidised Training

This training is delivered with Victorian and Commonwealth Government funding under the Skills First Program and may impact your access to further government subsidised training. To find out if you are eligible, please contact us on 9894 3900 to discuss your circumstances, visit our website or scan the QR Code.

Pre-Requisite

Completing CHC33021 Certificate III in Individual Support (Disability) is a prerequisite for entry into CHC43121 Certificate IV in Disability Support.

Next Course Commencing

Regular intakes are available throughout the year. Please refer to our website at www.allhealthtraining.edu.au for upcoming course dates.

Units of Competency

11 units of competency are required to successfully complete this qualification. This includes 7 core units and 3 elective units, in addition to practical placement.

UNIT CODE	UNITS OF COMPETENCY
Core Units	
CHCLEG003	Manage legal and ethical compliance.
HLTWHS003	Maintain work health and safety
CHCMHS001	Work with people with mental health issues
CHCCCS044	Follow established person-centred behaviour supports
CHCDIS017	Facilitate community participation and social inclusion
CHCDIS018	Facilitate ongoing skills development using a person-centred approach
CHCDIS019	Provide person-centred services to people with disability with complex needs
Elective units	
CHCADV001	Facilitate the interests and rights of clients
CHCCCS036	Support relationships with carer and family
CHCCCS033	Identify and report abuse

Competency is assessed through a combination of practical application and demonstration of skills, research, analysis and completion of competency based workbooks.

Practical Experience and Assessment

Students get the opportunity to undertake practical skill development throughout the course in the All Health Training simulated environment with trainers who are experts in their field and maintain currency in the industry. Students are also assessed based on skill development throughout the course.

Credit Transfers (CT) + Recognition of Prior Learning (RPL)

If students have already successfully completed unit/s of competency which are included within the current listing qualification AHT offers, credit transfers may be granted. Competencies gained through other formal study or experience may be acknowledged through a Recognition of Prior Learning Process.

Further Education

For career advancement, consider pursuing higher-level qualifications like the Diploma of Disability or Advanced Diploma of Disability. These qualifications can open doors within the healthcare sector.
