# Certificate III in Health Services Assistance

## Course Overview

Start your rewarding career in the healthcare sector with All Health Training and become a job-ready patient services assistant (PSA).

This qualification reflects the role of a variety of workers who use a range of factual, technical and procedural knowledge to provide assistance to health professional staff for the care of clients and may include: clinical cleaning / infection, prevention and control, food preparation and distribution, patient transport, assisting with movement, inventory, waste handling and handling of medical gas cylinders and MET calls.

All Health Training is committed to providing an inclusive learning environment. Principles of access and equity for all students are applied in all programs. People with disabilities are encouraged to apply.

## Course Entry Requirements

This is an open entry program of study with participants needing to read, write and communicate in English to a level to perform the job. For detailed information regarding the course entry requirements for this qualification, please visit our website by scanning the QR code.

## Govt. Subsidised Training

This training is delivered with Victorian and Commonwealth Government funding under the Skills First Program and may impact your access to further government subsidised training.

To find out if you are eligible, please contact us on 9894 3900 to discuss your circumstances or visit our website by scanning the QR code.

## Tuition Fees

The student tuition fees as published on our website [www.allhealthtraining.edu.au](http://www.allhealthtraining.edu.au) are subject to change given circumstances at enrolment.

## Practical Placement

Practical placement of 80 hours is a mandatory requirement of this course. All Health Training will organise placement in the industry on our students behalf.

## Next Course Commencing

Regular intakes are available throughout the year. Please refer to our website at [www.allhealthtraining.edu.au](http://www.allhealthtraining.edu.au) for upcoming course dates.

## Units of Competency

18 units of competency are required to successfully complete this qualification. This includes 7 core units and 11 elective units, in addition to 80 hours of practical placement.

UNIT CODE	UNITS OF COMPETENCY
<b>Core Units</b>	
CHCCOM005	Communicate and work effectively in health or community services
HLTINF006	Apply basic principles and practices of infection prevention and control
HLTWHS001	Participate in work health and safety
BSBWOR301	Organise personal work priorities and development
BSBMED301	Interpret and apply medical terminology appropriately
HLTAAP001	Recognise healthy body systems
CHCDIV001	Work with diverse people
<b>Elective units</b>	
CHCCCS012	Prepare and maintain beds
HLTAID011	Provide First Aid
HLTFSE001	Follow Basic Food Safety Practices
HLTHSS007	Handle medical gases safely
HLTHSS003	Perform general cleaning tasks in a clinical setting
BSBFLM312	Contribute to team effectiveness
CHCCCS026	Transport individuals
CHCCCS002	Assist with movement
CHCCCS010	Maintain high standard of service
CHCAGE005	Provide support for people living with dementia
CHCCCS020	Respond effectively to behaviours of concern

Competency is assessed through a combination of practical application and demonstration of skills, research, analysis and completion of competency based workbooks.

## Practical Experience and Assessment

Students get the opportunity to undertake practical skill development throughout the course in the All Health Training simulated environment with trainers who are experts in their field and maintain currency in the industry.

## Opportunity for Credit Transfers (CT)

If students have already successfully completed unit/s of competency which are included within the qualification AHT offers, credit may be granted. Credit transfers must be approved prior to course commencement.

## Opportunity for Recognition of Prior Learning (RPL)

Competencies gained through other formal study or experience may be acknowledged through a recognition process. Contact us for further information.

## Pathways

A possible training pathway for a participant completing this qualification could be any specialised area in the health sector or courses similar to the following: Certificate III or IV in Allied Health Assistance, Certificate IV in Operating Theatre Technical Support or Diploma of Nursing.
