

All Health Training provide all students with an individual Statement of Fees at application. The Statement of Fees includes the following information for students to review prior to confirming their enrolment:

- Fees for the proposed course of study including tuition, resources and/or placement fee (if applicable)
- any practical placement arrangements (if applicable)
- the hourly tuition fees relevant to the student
- the approximate value of the government contribution

The student tuition fees are subject to change once we have confirmed individual circumstances at enrolment and reviewed documentation which may include Credit Transfer/RPL application, ability to provide a copy of HCC/PCC or proof of Skills First Program eligibility requirements.

Fees quoted above are inclusive of all costs and resources required throughout the course (eg where applicable for each course - textbooks, workbooks, police checks, polo shirts, etc). The student tuition fees as published are subject to change given individual circumstances at enrolment.
